

Special Track Session 12a

Oncology and Theranostics Committee + Young Professionals Council

Tuesday, October 20, 16:45–18:15

Session Title

Round Table: Residents for Residents 2026

Chairpersons

Valentina Ambrosini (Bologna, Italy)

Sophie Veldhuijzen van Zanten (Rotterdam, Netherlands)

Programme

16:45–17:10 **Maria Lucia Acosta Pereira** (Montevideo, Uruguay): FDG PET Cases

17:10–17:35 **Abdulsalam Ahmed Al-Marrani** (Cape Town, South Africa): PSMA PET Cases

17:35–17:55 **Alicja Thies** (Magdeburg, Germany): SSTR PET Cases

17:55–18:15 **Alessandra Agosti** (Turin, Italy): Other PET Tracers Cases

Educational Objectives

1. Enhance audience/speakers' interaction through live polling in a friendly environment
2. Improve PET/CT images interpretation and awareness of potential pitfalls in image interpretation using various radiopharmaceuticals
3. Multimodality/multidisciplinary challenging cases discussion

Summary

In line with previous editions (2023, 2024, 2025), the Residents for Residents 2026 Session is a purely young attendees session aimed at enhancing the interaction between young and senior residents in a friendly environment at international level through active discussion of clinical challenging cases (multiple Q&A's are required within each talk, depending on the allocated talk time, and live polling will be encouraged from the audience). Each presentation will include teaching points as well as educational tips.

Key Words

PET/CT; Image Interpretation; Pitfalls; Oncology; PSMA PET/CT; FDG PET/CT; SSTR PET/CT; Other PET Oncological Radiopharmaceuticals.
